EXPERIENCE

Senior Digital Designer and Front-end Web Developer

BROWARD COUNTY GOVERNMENT, FORT LAUDERDALE, FL, 2014 – PRESENT

Designed, developed and deployed user-focused, accessible and responsive web apps for 950,000+ average monthly site visitors. Built a component-based design system and optimized front-end development workflows. Applied design thinking to restructure architectural and navigational strategies for 1,200+ page site. Built sitemaps and user flows. Designed low-fidelity and high-fidelity wireframes and rapid prototypes. Revamped web training program, taught quarterly classes and mentored team members.

Designer and Developer

FREELANCE, FORT LAUDERDALE, FL AND REMOTE, 2012 – PRESENT

Worked on client projects ranging from a custom e-commerce site for coffee startup Wells Coffee Co. (WELLSCOFFEES.COM) to a comprehensive site refresh (including heuristic analysis, market research, site mapping, user flows, wireframes, prototypes and front-end development) for Florida's largest Christian school, Calvary Christian Academy (CCAEGLES.COM).

Graphic Designer and Adobe Creative Cloud Representative

BROWARD COLLEGE DOWNTOWN CENTER, FORT LAUDERDALE, FL, 2014

Led rebranding & marketing campaign targeting potential students in nearby urban areas which resulted in a 15% enrollment boost. Hosted interactive workshops as part of global grassroots marketing campaign to encourage adoption of Adobe's (then) newly-released Creative Cloud software programs.
